REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

The patentees request issuance of the enclosed Certificate of Correction with respect to US Patent No. 7,041,267

Errors were noted in claim 1 and claim 11. With respect to claim 1, at column 7, line 1, the USPTO printed the patent with “as” rather than --at--. As to claim 11, at column 8, line 11, the USPTO printed the patent with “rho” rather than --the--. A review of the amendment and response filed 18 November 2005, will support the fact that the aforementioned errors are USPTO errors. In view of the foregoing, the patentees submit that no fee is due for correction of these specific errors.

With respect to the title, the patentees noted the following error. Specifically, the title should read --Granular Sodium **Percarbonate** Obtained by Fluid-Bed Spray Granulation and a Process for Its Production--, rather than “Granular Sodium **Carbonate** Obtained by Fluid-Bed Spray Granulation and a Process for Its Production.” This inadvertent error was introduced by patentees during prosecution. Support for the correction may be found in issued claim 1 (see “[a] process for the production of granular sodium percarbonate by fluid-bed spray granulation...”).

As the foregoing error in the title was due to patentee error, the applicants, hereby authorize the fee (\$100) required by 37 C.F.R §1.20(a) to be charged to Deposit Account No. 03-3975 under Order No. 21123/0265258.

Respectfully submitted,
